FEATURES

NEW STANDARD TEXTURED FINISH

Standard white

Black also available

CONSTRUCTION

- Painted textured galvanized steel cabinet
- 2" foamed-in-place "zero ODP" urethane insulation
- A large heavy duty rub rail and kick plate to protect from abuse
- Five white cantilever epoxy-coated welded wire shelves with price tag molding per door
- Shelves rated to support 110 lbs. each
- Product stop feature to prevent product from falling behind shelves
- Ends must be ordered separately
- Standard electronic lighting with optional LED
- Pre-piped drain in bottom of each

section for cleaning purposes (with removable plug)

DOORS

- Choice of 24" or 30" wide glass doors
- Self-closing door hinge with adjustable torsion control
- Standard black door and frame (optional colors available)

REFRIGERATION

- All models designed for remote refrigeration systems
- Refrigerant: R-404A
- Factory tested refrigeration system
- Heavy-duty copper tube evaporator coil
- Choice of electric or hot gas defrost
- Pre-mounted expansion valve
- Minimum 4" clearance required between cabinet back and wall with a 4" open space at top and one or both ends
- Temperature ranges:
 -TEM models: 34° to 41°F (1° to 5°C)
 -TEL models: 0° to -15°F (18° to -26°C)
- R-factor (insulation efficiency rating): 18.75

WARRANTY

- 2 year limited parts and 90 day labor

When ordering multi-cabinet line-ups, please note:

- Pre-wired cabinet-to-cabinet electrical terminal block connectors are standard
- A 2" thick partition is required between each endless module if:
 - Each utilizes its own condensing unit or
 - One module is a freezer and one is a cooler
- Joining kits for linking together modules are standard
- Please allow an additional 1" clearance for case and assembly dimensional tolerance stack-up

OPTIONS

- Right or left hand end kits
 Custom colors
 LED lighting
 Additional horizontal lighting
 Partitions
 Kickplate
 Additional 30" cantilever shelves

BID SPECIFICATIONS

Item no. TEM-_____ and/or TEL-_____.

Provide _____ () Endless Remote Glass Door Merchandisers - Top Mounted model no. TEM-_____ and/or TEL-_____.

Merchandiser to be constructed of painted textured galvanized steel with 2" foamed-in-place "zero ODP" urethane insulation. Merchandiser may be used as a stand-alone unit or combined in a modular endless design.

Electronic lighting will be standard on all models with LED lighting as an option.

Merchandiser will contain five white cantilever epoxy-coated welded wire shelves with price tag molding per door. In addition,

a product stop feature will prevent product from falling behind shelves. Other standard features to include:

- Heavy-duty rub rail and kick plate
- Pre-wired cabinet-to-cabinet electrical terminal block connectors
- Standard joining kits when linking together multi-door modules
- Pre-piped drain in bottom of each section with removable plug for cleaning

Glass doors will be supplied with self-closing door hinge and provision for easy adjustment of torsion and leveling. Merchandiser supplied with either 24" or

30" wide glass doors. Door and frame provided in standard black finish with optional colors available.

The refrigeration system will be remote and will contain a full-length heavy-duty copper tube evaporator coil and pre-mounted expansion valve. There will also be a choice of electric or hot gas defrost. All models will use R-404A refrigerant.

Temperature ranges will be:

- TEM models: 34° to 41°F (1° to 5°C)
- TEL models: 0° to -15°F (18° to -26°C)

Merchandiser to be provided with two year limited parts and 90 day labor warranty.

NOTE: Cabinet designed for optimum performance in air-conditioned area at 75°F ambient and 55% relative humidity. All specifications subject to change without notice.
